VOLUNTEERS

The volunteer policy has been established by VELO to ensure that there are sufficient members and parents for the number of tasks that must be completed by volunteers and to guarantee this for now and in the future. VELO is an association in change. This is partly due to increases in scale and social changes.

[See back side](#)

On the basis of a study carried out by a member of VELO, who had to write a graduation thesis for his education, it was mapped out what the current situation is at VELO, what the desired situation is and what is feasible. Based on proposals as a result of the survey, the VELO board has decided that all (parents of) members should perform a volunteer task every year to allow all members to enjoy sports.

We started by asking senior members 18+ and parents of youth members of VELO RYU HA to run a bar / kitchen service twice a year, even if someone from the family is affiliated with another association within VELO.

The results of this questions have now been mapped out and it has subsequently been decided to have VELO RYU HA indicate immediately which volunteer task can be performed when registering.

Volunteer activities Senior members 18+, Parents/Guardians (**mandatory**):

- ☐ Bar/kitchen service
- ☐ Camp leadership (only if your own child is not going to camp)
